Are you taking SIMMONS LIVER REG-ULATOR, the "KING OF LIVER MEDI-CINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new ad over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmona Liver Regulator.

The Board of Trade to Discuss Its Status-Gov. Thornton's Letter to the Secretary of the Interior.

A meeting of the Board of Trade has been called to assemble in its new rooms Fort Marcy tract. Citizens generally are springs for Denver. day:

Honorable Secretary of the Interior, Washington, D. C.

Santa Fe, N. M., July 9, 1895 .- Dear reservation, situated within the limits of the city of Santa Fe, and upon a portion of the Santa Fe grant as confirmed by

the court of private land claims.
It is understood here that it is the intention of your department to offer this reservation for sale at an early date. It Alarid. is the opinion of those best informed upon the question that this property, being a part of the original Santa Fe grant—a community grant—was in law commons and passed to the city of Santa Fe, subject, of course, to the govern-ment's possessory right; that, at the time of the occupation of the country, the government took possession of such portion of the city commons as it re-quired for military and other purposes, continuing to use it up to the present time. In view of this fact we believe that it is only a matter of justice that, in place of offering this property for sale, there is an equitable right upon the part of the city of Santa Fe to have it turned over to the city. We admit that we could make no legal demand upon the government that could be enforced, but as a action could be had?

Hoping you may give this matter fav-prable consideration, I remain, Yours very respectfully, W. T. Thornton, [Signed]

MURDERERS AT LARGE.

Three Residents of Raton, Mistaken for Officers, Held Up by the Starkville Desperadoes.

On Monday evening, between 6 and 7 clock, as Celso Chavez, Ysaias Chavez and Urban Urtado, were walking along the Sugarite road at the southwest corner of the Raton cemetery, they were met by Leandro Martinez and Pedro Baca, the men charged with murdering Chas. Allen, at Starkville, early on Sunday morning. The desperadoes ordered the three men to throw up their hands, which they complied with in a hurry, as one of the desperadoes covered them with a Winchester, while the other searched them,

but finding nothing turned them loose.

Urban Urtado inquired, says the Reporter, why they were held up and was told by Martinez that they thought they were officers of the law and that they desired to meet the local officers. One of the desperadoes had on four revolvers and a Winchester, the other was armed with two revolvers and a Winchester.

It is supposed Martinoz and Baca were in hiding in Chihuhua all day Monday and were out for a constitutional. During the night Officers Gray, Calvin and Bob Lee were on the lookout but were unable to find them. It is reported that they came on the Raton side of the track between 11 and 12 o'clock and it is sup-posed that they are now in one of the houses on the other side of the track. ORTIZ MINE GRANT.
